FAQ's

What songs can we record?

Absolutely anything you like. Wouldn't it be nice' to be a 'day dream believer' let your 'good vibrations' flow, gather your 'up town girls' and love the rock'n'roll. We have a comprehensive catalogue of backing tracks that you can choose from, or you may decide on something else - the choice is entirely yours, just let us know when you confirm your booking date.

I can't sing!

Who cares? It's the taking part that counts, 'walk on the wild side' and have some fun. In actual fact, most people can hold a tune, and our experienced studio engineer is guaranteed to get the very best out of everyone's performance. Feel free to always bring a little extra 'red red wine' to loosen the 'ol vocal chords.

Do you have good quality backing tracks?

Conversion Studios use only the very best backing tracks that sound identical, or very close to the original. The quality is superb, which will guarantee that you get the highest quality recording possible. We currently have over 1000 backing tracks to choose from, and if we haven't got what you want, we should be able to get it for you.

Are there any age restrictions?

djfdklfksdjf

Can we bring our own backing tracks?

Absolutely, you're more than welcome - just please inform us upon booking to prevent any confusion.

Can we sell copies of our final product?

Yes you can, however if you want to sell your recording of someone else's song, you will need to seek permission from the song writer/publisher and pay a small royalties fee to the MCPS.

Do you require a deposit?

For **GIFT VOUCHERS** we require the full amount to be paid in full when booking, for the **Party Package** we require a 20% deposit with the balance to be paid on day of session.
